Health Care Tips for
Summer Program Participants - 2014

How to use University Health Service (UHS):
• U-M summer program participants ages 10 and older are eligible to use UHS.
• For some services, UHS will bill eligible insurance. For other services or products (for example, medications), campers must pay at time of service.
• Program staff must accompany the minor to UHS.
• Bring the participants’ insurance information, credit card authorization, parent/guardian’s consent for treatment, and medical history form.

For urgent medical needs e.g. infection, high/persistent fever, pain, injury, dehydration, call whenever possible, because our nurses may be able to provide medical advice by phone that could save a trip to UHS or the emergency room:
• When UHS is open, call 734-764-8320, or you can go to UHS (wait times vary).
• When UHS is closed, call 866-204-1082 for advice about self-care or seeking care.

Hours May-August:
Mon, Tues, Wed, Fri .................. 8:00 AM – 4:30 PM
Thursday .................................... 9:00 AM – 4:30 PM
Sat, Sun and holidays............. Closed except for three Saturdays when UHS is open 9 am - noon, for urgent concerns: May 3 and 10, and August 30, 2014

Location: 207 Fletcher (between Washington and North University)

In an emergency:
• If a participant has a life-threatening emergency, call 911 or go to the nearest hospital emergency room (the U-M Health System). Wait times vary.
• Bring the participant’s insurance information, credit card authorization, parent/guardian’s consent for treatment, and medical history form.
• If you’re not sure what to do, you can call the UHS Nurse Advice Line for advice about self-care or seeking care. See numbers above.

Contact:
• For medical concerns, see numbers above.
• The UHS Summer Program Enrollment Coordinator is Patricia Beranek, email pberanek@med.umich.edu, or call 734-647-4015.
